Discontinuation Letter

QIAquant® real-time PCR cyclers instruments

Dear valued customer,

We are writing to inform you that QIAquant real-time PCR cycler instruments (cat. nos. 9003000, 9003001, 9003010, 9003011, 9003020 and 9003021) will be discontinued effective December 31, 2026.

Orders can be placed while stocks last but no later than the effective date above. The discontinuation applies to all the QIAquant instrument models and catalog numbers:

Product	Catalog number
QIAquant 96 2plex (115 V)	9003000
QIAquant 96 2plex (230 V)	9003001
QIAquant 96 5plex (115 V)	9003010
QIAquant 96 5plex (230 V)	9003011
QIAquant 384 5plex (115 V)	9003020
QIAquant 384 5plex (230 V)	9003021

To support our customers during this transition, QIAGEN will maintain stock of repair and wear-and-tear parts for the QIAquant instruments for 7 years from the date of discontinuation. Associated repair services and consumables will continue to be available until December 31, 2033.

If you have questions or need assistance, our Technical Support team (support.qiagen.com) is available to help. You can also visit our website to explore our full portfolio of solutions.

We apologize for any inconvenience this change may cause and appreciate your continued trust in QIAGEN.

Best regards,

QIAGEN
