Important Note

Dear Customer,

We wish to inform you that the phosphatase inhibitor recommended on page 13 of the *PhosphoProtein Handbook (Second Edition, October 2007)* is no longer available. Instead of Phosphatase Inhibitor Cocktail I from Sigma (cat. no. P2850), we now recommend **Phosphatase Inhibitor Cocktail A (cat. no. sc-45044) from Santa Cruz Biotechnology, Inc (see www.scbt.com)**.

We apologize for any inconvenience that this may have caused.

If you have any questions, please call one of the QIAGEN Technical Service Departments or distributors (see back cover of handbooks or visit www.qiagen.com).

Best regards,
